

BISO WINES

BISO BIANCO

This wine is made from several white grapes, primarily Pinot Bianco, Tocai and Sauvignon. Its taste is smooth and full of character.

Ideally, it should be served with hors d'oeuvres, soups, stewed meats and fish dishes.

BISO ROSSO

This wine is made from several red grapes, primarily Merlot and Franconia, a little known grape that adds body and character to the blend. It is hearty, smooth, balanced and very drinkable.

The price quality ration for this wine is off the scale. It is an unbelievable value.

BISO PINOT GRIGIO

Pinot Grigio grapes, when fully ripen, are not white. They are a light red/copper color. As a result this wine is straw yellow with dancing copper tones. Its bouquet is intense, fresh and very agreeable. The taste is full of character; fresh, dry and harmonious. Equally perfect with chicken, seafood or as an aperitif.
