

STIVAL

The Stival Winery is located in the Veneto Region. The Veneto Region's most popular grape—**Pinot Grigio** makes a pleasant crisp and very refreshing wine. A light straw yellow color with a characteristic bouquet of fruit and acacia blossoms. Light and dry, this wine is easy to drink on its own or with any lightly flavored dish.

The **Cabernet Sauvignon** is still the most revered red grape in the world. This wine is ruby red in color with a characteristically elegant bouquet. This grape makes a full, rich and complex wine.

Stival Chardonnay is fuller and has more body than the Pinot Grigio. This Chardonnay is ripe and very drinkable at a very good value.

In the Veneto area, **Merlot** is an everyday drinking wine. This wine is ruby red in color with soft, round and chock full of young, ripe fruit flavors.
